Abhay Tyagi

Sr Product Manager, ServiceNow | Building Customer Success
Product for Technology Industry
Greater Delhi Area

Summary

I help enterprises achieve measurable customer success without drowning in manual processes by building AI-driven workflows at ServiceNow.

Experience

ServiceNow

2 years 11 months

Senior Inbound Product Manager

March 2025 - Present (1 year 1 month)

India

Inbound Product Manager

May 2023 - February 2025 (1 year 10 months)

Hyderabad, Telangana, India

CSRN

Branch President

October 2021 - February 2023 (1 year 5 months)

IIM Udaipur

Oversees the progress of six Live projects in the Social sector sourced by CSRN and helps each student consultancy team deliver high-quality work on time.

Zaggle

Product Management Intern

April 2022 - May 2022 (2 months)

Worked on building three new features for their flagship product - Expense Management System (Per Diem for international travelers, Incorporating GL Code into EMS, Multi-City travel request)

Developed 10+ new user journeys, 3 PRDs, and wireframes for the product to incorporate all the three new features.

Did Competitor analysis for five similar products to find the gaps that Zaggle can leverage to gain a competitive advantage in the Expense management market.

Help them build a whole Sales enablement kit(Short and Long pitch deck, Release notes template, six email templates (Cold & Reminder)

Documented 100+ backlogs on JIRA with correct JIRA terminologies.

MyScoot

Senior Business Analyst

February 2019 - June 2021 (2 years 5 months)

Gurgaon, India

Established Business analytics & insights department in MyScoot and built dashboards to analyze KPIs

Designed and implemented analytics on two different platforms, i.e., Creator Tool & Creator Webpages

Analyzed the effectiveness of the new features and campaigns being launched and their impact on KPIs

Helped reduce T.A.T. by about 27% from the initial stage of lead onboarding to the final conversion of leads

Generated Insights that helped in increasing the G.M.V. of new users by approximately 109% MoM

S.V.S Technologies Ltd.

Data Analyst

June 2018 - February 2019 (9 months)

Noida Area, India

Helped the organization to make Data-Driven decisions that reduce the risk in Critical Decisions taken

Tracked monthly & weekly lead conversion and retention KPIs and suggested suitable course of action.

Prepared a Marketing Funnel for established and potential customers across different media channels

Underprivileged Advancement by Youth (UPAY)

Intern

June 2018 - July 2018 (2 months)

New Delhi Area, India

I also volunteered to teach children from underprivileged backgrounds under the initiative 'KOSHISH EK BEHTAR KAL KI' and helped the TEAM of UPAY raise funds to 20k for the Reach and Teach Project.

iit guwahati

Intern

June 2017 - August 2017 (3 months)

Guwahati Area, India

I got the opportunity to work under Dr R K Upadhyay during my summer internship at IIT Guwahati. My work was to perform simulations on fluidized beds using ANSYS Fluent software.

This Internship helped me establish my Core Data analytics concept by working on calibration of the Fluidised bed using simulation data and helped me learn and understand the core concepts of the troubleshooting process by implementing them.
